

[Emirates Society of Geosciences \(ESG\) Sponsorship Opportunities](#)

The Emirates Society of Geosciences was formed in Abu Dhabi in 1983 and continues to be the leading society for geosciences in the UAE.

ESG provides a forum for geoscientists in the United Arab Emirates (UAE). The membership to ESG is open for all technical personnel working in petroleum exploration & production companies, associated service companies and government and educational institutions in the United Arab Emirates.

The Society holds monthly meetings and arranges for lectures related to Geoscience. The society also organizes 1 or 2 geological field trips per year in or outside the UAE. An annual gala dinner with guest presenter is held each year for all members to attend.

Sponsorship opportunities are now on offer for the term of 2021/ 2022 which runs from 1st March 2021 to 28th February 2022 and we invite you to review and confirm your choice of sponsorship for the coming term.
